200 HOUR MEDICAL QIGONG CERTIFICATION COURSE BEGINNING FEBRUARY 2008

Medical Qigong is one of the four branches of TCM and is the predecessor of Acupuncture. It is an energy based healing system that is over 5,000 years old. Medical Qigong has been known to have high success rates in treating illnesses and conditions from anxiety, stress, high blood pressure, asthma, chronic fatigue, arthritis, cancer, and more.

The Medical QiGong Practitioner certification course is the entry level for beginning the path as a Medical Qigong Doctor. This course is designed to give students an introduction to energy healing that encompasses the vast knowledge of Traditional Chinese Medicine.

Each class builds on each other as it expands your view on the energetic anatomy and physiology of the body and the Universe. Upon completion of the course you will have in-depth knowledge of the 5 element cycle, the creation of life, the 12 meridians of the body, the 3 dantians, how to diagnose energy, and how to cultivate, project and heal with Qi. You will be familiar with Qigong exercises used for your own self-healing and as prescriptions for others.

This certification program is monitored by the [International Institute of Medical Qigong](#) and is based upon the curriculum that has been established at the Medical Qigong College at the Hai Dian University and used clinically at the Xi Yuan Medical Qigong Hospital in Beijing, China.

There are no prerequisites for this level certification and it is open to the general public. A 200 hour Medical Qigong Practitioner (MQP) certificate will be issued to students who have successfully completed 128 academic hours in addition to 72 hours of clinical internship.

The study of Medical Qigong is a journey to be taken seriously, it will have a profound impact on your life and on those who become your clients.
